

OUR HISTORY

Gourmet Boutique was founded in 1996. We recall beginning as “Ernie’s Mini Mart,” a 2000 square foot manufacturer of meatballs and pasta dishes in Queens, NY. Our small size necessitated utilization of “micro manufacturing” techniques such as hand cutting vegetables and proteins and small batch production to replicate classic culinary techniques.

As our company grew, we continued our focus on these high quality production processes and today we are the nation’s leading manufacturer of high quality, pre-cooked entrées, salads and side dishes for retail and food service applications.
