WHO WE ARE

ABOUT US

Our products, made by hand using the finest ingredients and cooked in small batches, provide our customers with innovative solutions, efficiencies, and differentiation. With two manufacturing facilities located in Jamaica, New York **and** Phoenix, Arizona, we are able to deliver fresh and frozen solutions to all 50 states as well as neighboring countries. Gourmet Boutique® has a long-standing commitment to manufacture safe, quality foods. Our executive staff and production associates share in the commitment to ensure our customers the highest level of food safety every day.

WHO WE SERVE

Our extensive retail experience provides us with the knowledge to resolve the complex challenges associated with improving retail profitability. When we do the work, there will be more time for you and your employees to create a community among your customers where a trip to the deli counter is more than just the means to buy a meal. It is easy to improve the volume and profitability of your deli selections and Home Meal Replacements. As always, Gourmet Boutique® offers a variety of solutions.

OUR HISTORY

Founded in 1996, Gourmet Boutique® began as “Ernie’s Mini Mart,” a 2,000 square foot manufacturer of meatballs and pasta dishes in Queens, NY. Our small size necessitated utilization of “micro manufacturing” techniques such as hand cutting vegetables and proteins and small batch production to replicate classic culinary techniques. As our company grew, we continued our focus on these high quality production processes and today we are the nation’s leading manufacturer of high quality, pre-cooked entrées, salads, and side dishes for retail and food service application.

OUR FACILITIES

- Production of approximately 25 Million lbs. of product per year in both fresh and frozen formats.
- All foods packed MAP or HPP processed **FRESH with 14-75 day shelf life, and frozen with 6 months to 1-year shelf life.**
- Our New York and Phoenix facilities service all of the United States

RECIPE DEVELOPMENT

We are fully equipped with our own professional R&D lab, practicing proprietary recipe development. The Gourmet Boutique® R&D Team all obtained degrees in culinary and food science.

FOOD STRATEGY

We use strong, classic culinary techniques providing artisan appearance. We practice hand-made, small batch production, combined with large volume manufacturing capabilities.

STRATEGIC MARKETING

We provide category management and marketing support, plan-o-gram design and support, promotional sales tools and support, customized solutions, and consumer insights.

Real food made by real people!

SQF CERTIFIED

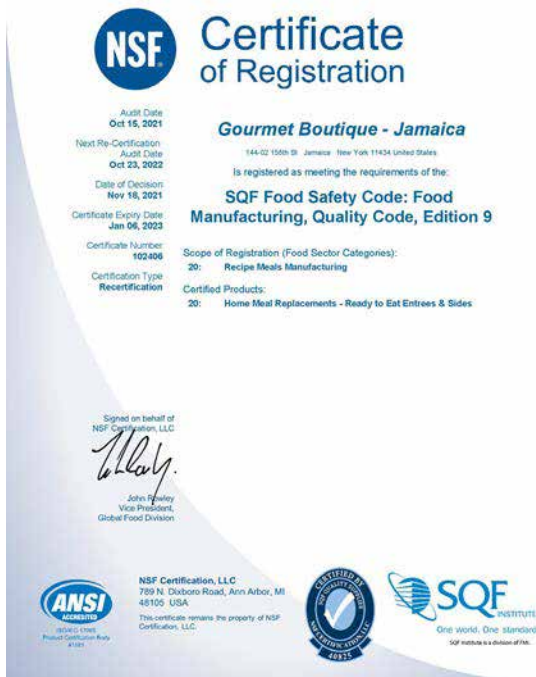

Gourmet Boutique has once again attained certification for Safe Quality Food (SQF) Food Safety Code Level 3 for Manufacturing AND Quality by the independent certifying body, NSF International.

The SQF Institute, a division of the Food Marketing Institute (FMI), is the leading global food safety and food quality certification system. Designed primarily as a food safety program, SQF also incorporates product quality analysis, a feature that is unique to a certification program of this type. Assuring consistent quality and meeting buyer specifications are important aspects of the buyer-supplier relationship.

An increasing number of U.S. and International retailers supports SQF certification and food service providers who express a preference for suppliers who implement HACCP based (Hazard Analysis Critical Control Point) food safety and quality management systems.

Gourmet Boutique's registration assures we produce, prepare, and handle our food according to the highest possible standards at all levels of the supply chain. We are very proud of this accomplishment that positions Gourmet Boutique® as a leader among prepared food manufacturers.

NEW YORK

ARIZONA

SERVICE DELI

PERFECT FOR YOUR BEHIND THE GLASS AND GRAB'N'GO SECTION

ENTRÉES

Each entrée is attentively hand-prepared using only choice ingredients to deliver restaurant quality dishes. Our entrées constantly evolve to provide customers with innovative meals that meet seasonal and culinary trends.

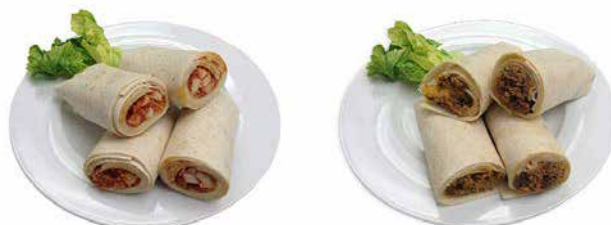

SIDES

Make it easy for your customers to complete their Gourmet Boutique® entrées with our wide selection of homestyle side dishes. Choose from our high quality variety of components to complete meals.

SALADS

Use our colorful vegetable and pasta specialty salads, as well as our delicious protein salads, to complete your full service deli case. They are the perfect accompaniment to a signature entrée or side dish.

WRAPS

Wraps remain by far the most popular sandwich. They are a convenient, on-the-go meal, all wrapped-up and ready to eat! Have it behind the glass or in your Grab'N'Go section. It is a win-win combination!

GRAB 'N' GO *FACTS*

OVER THE LAST YEAR, GRAB'N'GO ITEMS
HAVE INCREASED SALES AS MUCH AS 20%

REAL GRILLED CHICKEN

GOURMET BOUTIQUE® *TRU GRILL® CHICKEN*

Fully cooked on a real grill, our chicken has an unmistakable, true grilled flavor. With actual charred grill marks, we never “brand.”

GOURMET BOUTIQUE® *APPEARANCE*

Grilling both sides over an exposed open flame offers an authentic grilled chicken look and taste. We grill our portion control chicken breasts, without rib meat, to a golden brown and a consistent size and shape.

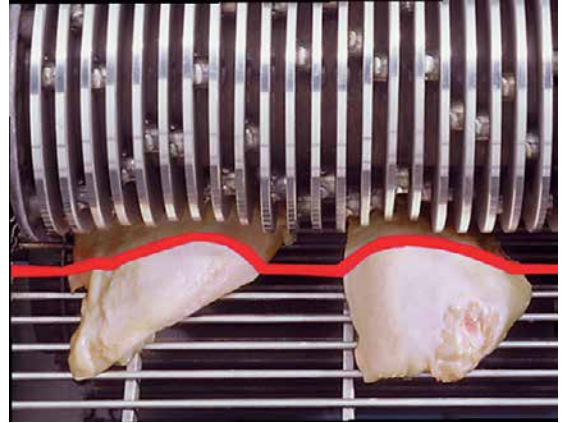

GOURMET BOUTIQUE® *FLAVOR*

The dripping of the chicken juices down onto the flames produces aromas that are absorbed into the product and are characteristic of grilling. Numerous, complex chemical reactions between the proteins and sugars in chicken occur only during grilling at high temperatures, producing golden color and true grill marks.

VS

“THEIR” GRILLED CHICKEN WITH FAKE GRILL MARKS

Cooked in a steam oven and then branded, their chicken tastes poached. They apply “Grill Marks” with branding equipment or caramel color.

“THEIR” *APPEARANCE*

Branded on one side, the chicken breast is steamed and then exposed to a branding cylinder or other methods, which mimic grill marks. This leaves a washed out, soggy looking appearance and an off-white color from steaming or high moisture cooking.

“THEIR” *FLAVOR*

Flavor is reminiscent of a chicken broth or a chicken flavor base. To impart a generic savory flavor, they use hydrolyzed plant protein, which is suggestive of inexpensive soup with a briny undertone. No flavor of grilling is present whatsoever, and tastes like a very commercial, mass produced product.
